

**Office of the United States Trade Representative
July 11, 2002**

List of Additional Products to be excluded from the Section 201 Safeguard Measures, as established in Presidential Proclamation 7529 of March 5, 2002 and Presidential Proclamation 7576 of July 3, 2002.

On March 5, 2002, the President issued Proclamation 7529, which established increases in duty and a tariff-rate quota (safeguard measures) pursuant to section 203 of the Trade Act on imports of certain steel products. See 67 FR 10553 (March 7, 2002). Proclamation 7529 also delegated to the USTR the authority to consider requests for exclusions of particular products and, upon publication in the Federal Register of a notice of his finding that a particular product should be excluded, to modify the HTS provisions created by the Annex to that proclamation to exclude such particular product from the pertinent safeguard measure. In Proclamation 7576, dated July 3, 2002, the period provided in clause (5) of Proclamation 7529 was extended to allow for exclusion request review until August 31, 2002. See 67 FR 45285 (July 8, 2002). In accordance with the authority delegated in Proclamations 7529 and 7576, the following products will be excluded from the Section 203 safeguard measures when complete descriptions of these products are published in the forthcoming notice in the Federal Register. The short descriptions below are for informational purposes only. The exact descriptions will be listed in a modification to the Tariff Schedule to be published in the Federal Register

All tonnage limitations are quoted in metric tons as annual quantities

Product Category	Product Number	One Line Description
Total: 23		
Cold Finished Bar	N425.04	Cold Drawn Schumag Flats
Cold Rolled Flat Rolled	N305.01	Doctor blades no greater than 63.5 mm in width
Cold Rolled Flat Rolled	N400.01	SAE 1095 High Carbon Cold Rolled Steel
Cold Rolled Flat Rolled	N478.01	1% Carbon Cold Rolled Strip Steel for High Quality Industrial Knife and Razor Blades.
Cold Rolled Flat Rolled	N479.01	Soft Magnetic Cold Rolled Crystalline Stripe Magnetically final annealed for temperature compensation of magnetic circuits e.g. Watt Hour Meters
Cold Rolled Flat Rolled	N494.01	Cold-Rolled Strip Steel, Slit (14.3 mm (3/4"), 12.7 mm (1/2"), & 9.5 mm (3/8") wide, 0.114-0.130 mm (0.0045-0.0051") thickness) for measuring tapes.
Cold Rolled Flat Rolled	N494.02	Cold-Rolled Strip Steel, Slit (25.4 mm (1") wide, 0.114-0.130 mm (0.0045"-0.0051") thickness) for measuring tapes.
Hot Rolled Bar	N312.01	Forged Tool Steel Bars "2738 Thruhard Supreme"
Hot Rolled Bar	N424.15	Hot-rolled SAE 4140 Special Custom-Designed Trapezoidal Bar Shape (37.27 mm x 23.18 mm)
Hot Rolled Bar	N424.18	Hot-rolled SAE 4140 Alloy Steel Nonstandard Triangular Type Special Bar Shapes having a radius of length 42.8 mm
Hot Rolled Bar	N424.27	Hot-rolled SAE 4140 Special Custom-Designed Trapezoidal Bar Shape (34.1 mm x 23.16 mm)
Hot Rolled Bar	N424.32	Hot-rolled SAE 4140 Alloy Steel Nonstandard Triangular Type Special Bar Shapes having radius of length of 50.698 mm
Hot Rolled Flat Rolled	N301.01	Narrow hot strip mill alloy flat rolled with restrictive tolerances, pickled and oiled, spheroidized annealed, cut to length for chain saw guide bars.
Hot Rolled Flat Rolled	N463.01	Theis Grade RM 64 1.25% C Hot Roll
Hot Rolled Flat Rolled	N463.02	Theis Grade RM 92 AISI (9260 modified)
Hot Rolled Flat Rolled	N463.03	Theis Grade RM 65 1.2% C Hot Roll
Hot Rolled Flat Rolled	N529.01	Astralloy V@TM Hot Rolled Sheet
Hot Rolled Flat Rolled	X-083.093	IN-LINE TEMPER-PASSED AND TENSION-LEVELED HOT ROLLED PICKLED AND OILED FLAT-ROLLED PRODUCTS OF IRON AND NON-ALLOY SURFACE CRITICAL STEEL IN GRADE A1011 CSB-1008-CQ, in an annual quantity not to exceed 20,000 metric tons
Hot Rolled Flat Rolled	X-083.101	PTTI HOT-ROLLED PICKLED AND OILED CARBON STEEL COILS FOR USE IN OILFIELD COILED TUBING APPLICATIONS IN GRADE PTTI ES-M-1, in an annual quantity not to exceed 10,500 metric tons
Hot Rolled Flat Rolled	X-083.102	PTTI HOT-ROLLED PICKLED AND OILED CARBON STEEL COILS FOR USE IN OILFIELD COILED TUBING APPLICATIONS IN GRADE PTTI ES-M-10, in an annual quantity not to exceed 5,300 metric tons
Plate	N316.137	Astralloy V@TM Plate (4.75mm - 6.0mm in thickness)
Plate	N329.01	Hot rolled, special-alloy plate, 30-120 mm thick, annealed and vacuum treated.
SS Bar	N319.03	Certain Hot-Rolled Stainless Steel Flat Bars
