Expanding Kazakhstan's Exports under the GSP Program

Elizabeth Hafner Office of the U.S. Trade Representative Executive Office of the President June 2008

Summary of Presentation

Introduction to the U.S. Generalized System of Preferences (GSP) Program GSP Program

U.S. imports from Kazakhstan through the U.S. GSP Program

Increasing Kazakhstan's exports under GSP

GSP Program

Kazakhstan became a GSP beneficiary on March 4, 1994

GSP provides duty-free treatment to 3,400 types of exports from Kazakhstan

Gives Kazakhstan exports an advantage in U.S. market – lower cost to U.S. importers

GSP is a major source of U.S. imports: \$30.8 billion in 2007

U.S. Imports from Kazakhstan Under GSP

- \$420 million in 2007; \$84 million from January-March 2008
- Kazakhstan is 11th largest user of GSP benefits (2007)
- 34 percent of all U.S. imports from Kazakhstan enter under GSP – one of the highest percentages of U.S. imports under GSP from any country

Just 28 product types enter under GSP

Top U.S. Imports from Kazakhstan under GSP

- Top U.S. imports from Kazakhstan entering under GSP in 2007 were:
 - Unwrought zinc (\$172 million) increase of 753 percent over 2006; \$2.6 million in duties saved (1.5%) in 2007
 - Ferrochromium (\$160 million) increase of 89 percent; \$3 million in duties saved (1.9%)
 - Ferrosilicon chromium (\$31 million) increase of 34 percent; \$3.1 million in duties saved (10%)

Other Top U.S. Imports from Kazakhstan under GSP

 Ammonium perrhenate: \$21.8m (3.1%)
 Ferrochromium, chromium trioxide, tantalum (3.1 - 4.4%)

Wheat gluten: \$964,700 (6.8%)

Gold jewelry: \$890,000 (5.5%), but...U.S.
 imports dropped from \$5.3m in 2006.

Non-metal imports very small

Snapshot: First Quarter 2008

Imports under GSP down: \$84 million (from \$173 million during the same period in 2007)

Increased imports of Ferrosilicon Chromium, Tantalum, & Copper-Tin Base Alloys

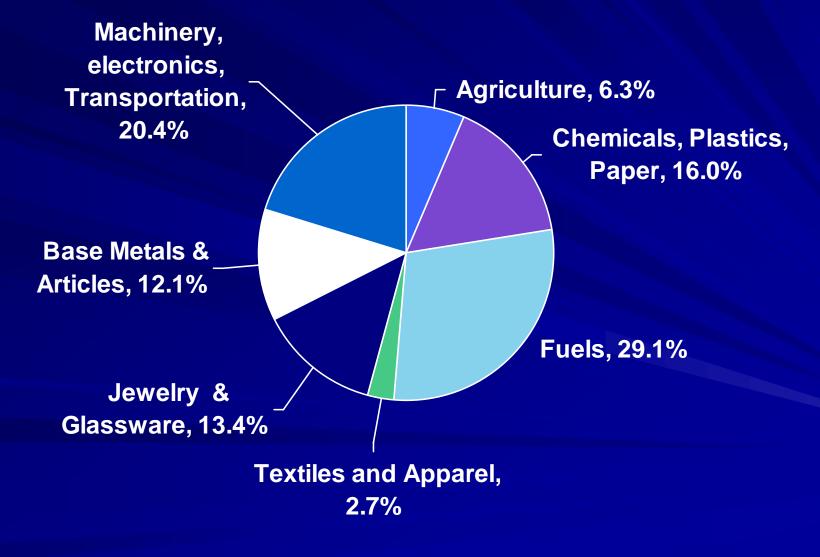

Decreased imports of Zinc, Ammonium Perrhenate, Unwrought Beryllium, & Unwrought Magnesium

Which Products are Eligible for Duty-Free GSP Treatment?

Eligible: manufactured items and inputs, jewelry, skins, many carpets, certain agricultural products, chemicals, marble, and minerals

Not eligible: most textiles and leather goods, footwear, home décor textiles

Types of U.S. imports that received GSP duty-free treatment in 2007

How to Qualify for Duty-free Treatment under GSP

- (1) Product included in list of GSP-eligible articles*
- (2) Exported directly to U.S. or pass through another country under a "through bill of lading" to the U.S.
- (3) Growth or product of Kazakhstan, or if imported input, local content & processing equal 35% of product value
- (4) Importer must request duty-free treatment for item by writing an "A" on the U.S. Customs Entry Form (tariff refunds can be requested)
- * A: GSP-eligible from all countries: A* one ore more countries no longer eligible; A+: only LDCs eligible

1) GSP eligibility

- Product must be included in U.S. tariff list of GSP-eligible articles: Free (A...) or Free (A+...) in last column on right
 - Or use this lookup address on the web: http://dataweb.usitc.gov/scripts/gsp/gsp_tariff.asp

6307.90.75	00	Toys for pets, of textile materials	No kg	4.3%	Freè (BH,CA, CL,E*,IL, J*,JO, MX, P SC)
6307.90.85	00	Wall banners, of man-made fibers	kg	5.8% <u>1</u> /	P,SG) 1.8% (MA) 3% (AU) Free (A,BH,CA, CL,E,IL,J, CL,IL,JO,
					MX, P,SG)

2) Imported directly

Product must be imported directly from Kazakhstan to the United States or pass through another country on a "through bill of lading" with a U.S. destination.

3) Product origin

Cost of local inputs and labor must equal 35% of product's FOB price to be from Kazakhstan

If imported item, it must be "substantially transformed" in Kazakhstan and then used in product production

"Substantially transformed" means the item's name, character, or use differs from when it was imported

4) GSP must be requested

U.S. importer (not exporter) MUST REQUEST duty-free treatment for the item

Is NOT automatic

Importer writes an "A" before tariff number on Customs entry form 7501

If importer makes a mistake and does not request GSP: can file a "Post-Entry Amendment" to U.S. Customs within 294 days Make sure importer marks an "A" before the tariff number on the form!

I.

Expand Use of GSP Benefits

- 1. Apply for waivers of eligibility limitations
- 2. Ensure eligible products get GSP duty-free treatment (96% of all eligible did in 2007)
- 3. Increase exports of current GSP-eligible products (especially non-metals, non-chemicals)
- 4. Identify exports to other countries that would get GSP if exported to U.S.
- 5. Export more consumer items, including handicrafts and home décor items
- 6. Use the internet to tell your story and find buyers for consumer goods

Claim the GSP Savings!

- Kazakhstan is doing well! U.S. imported \$437 million in GSP-eligible goods in 2007
- U.S. importers did not claim just \$17millon (\$500,000 in duties paid)
- However, average duty on items not claimed under GSP was 2.6%, as compared to items claimed (1.9%)

Top GSP-eligible imports by duties paid

U.S. importers did not claim these exports under GSP (2006-March 2008):

- Tantalum (\$20.9 million) \$582,000 in duties paid (2.5 - 4.4%) since 2006
- Ammonium perrhenate (\$22.9 million) \$700,000 in duties paid (3.1%) since 2006
- Ferrochromium (\$3.7 million) \$76,000 in duties paid (1.9-3.1%) since 2006

Identify GSP-eligible Items that Kazakhstan exports to other markets

For example, Kazakhstan exports to the European Union give an idea of articles that could benefit from GSP if exported to the United States.

Topping the list of Kazakhstan exports to the EU are:

- Mineral fuel
- Iron and steel
- Copper
- Zinc
- Precious stones and metals
- Inorganic chemicals
- Other base metals
- Cereals

Export jewelry and home décor items duty-free: <u>strong</u> U.S. demand

- Jewelry: gold and silver (5-11% saved)
 Wood statues, boxes, and tableware (3.2 10.9%)
- Leather belts and bandoliers (2.7%)
- Carpets and rugs (6%)
- Ceramic houseware articles (6 9.8%)
- Woven baskets and bags (6.6%)
- Woven wall hangings and pictures (DF)

Export Handicrafts

- Under a certified textile handicraft agreement between Kazakhstan and the U.S.:
- Artisans can export duty-free...
 - hand-loomed fabrics (3% duty saved)
 - hand-loomed and folklore wall hangings and pillow covers (3.8% duty saved)
- ...when the Kazakhstan government certifies them as hand-made.

Letter was given to Kazakhstan in August 2007 in response to interest from the Kazakhstan government.

Other GSP Export Strategies

- Moving up the value-added chain of production creates opportunities for higherskilled jobs.
- For example, hides and skins are a leading export to the European Union.
- Some of these hides and skins could be used in the United States to make GSP-eligible leather goods such as belts, shoe laces, and sports gloves and handbags.

Outreach and Education

Outreach tools

- seminars (in-person, via teleconference, videoconference);
- GSP guides and export analyses for Kazakhstani government, Chambers of Commerce, USAID and USAID contractors, artisan groups, and other organizations
- news articles and public service radio announcements

USTR also works with key U.S. importers
